Book 2 in the Animal Stars series - where history comes alive through the eyes of special animals. To outsiders, Mary is a queen and a threat, but to her devoted dog Folly, she is his world to the world outside her luxurious prison, Mary Queen of Scots is either a shameless beauty who killed her husband, or the rightful queen of England and Scotland, tragically held captive by Elizabeth the First. Sentiments, Kevin K. Birth argues that these and other Trinidadian musical genres and traditions not only provide a soundtrack to daily life on the southern Caribbean island; they are central to the ways that Trinidadians experience and navigate their social lives and interpret political events. Birth draws on fieldwork he conducted in one of Trinidad ' s ethnically diverse rural villages to explore the relationship between music and social and political consciousness on the island. He describes how Trinidadians use the affective power of music and the physiological experience of performance to express and work through issues related to identity, ethnicity, and politics. He looks at how the performers and audience members relate to different musical traditions. Turning explicitly to politics, Birth recounts how Trinidadians used music as a means of making sense of the attempted coup d ' é tat in 1990 and the 1995

Crammed with comic capers to try out on unsuspecting victims, and side-splitters to share, this ring-binder is a mix of practical pranks and wisecracks. Readers can depress the laughter button on the front for a tide of titters to accompany their tale telling. Three leaves of stickers and two funny photoframes are included. The jokers journal section contains 365 jokes - one for each day of the year and a space to fill with diary dates.
