In this innovative guide, master art instructor William Maughan demonstrates how to create a realistic human likeness by using the classic and highly accurate modeling technique of chiaroscuro (Italian for "light and dark") developed by Leonardo da Vinci during the High Renaissance. Maughan first introduces readers to the basics of this centuries-old technique, showing how to analyze

form, light, and shadow; use dark pencil, white pencil, and toned paper to create a full range of values; use the elements of design to enhance a likeness; and capture a sitter's gestures and proportions. He then demonstrates, step by step, how to draw each facial feature, develop visual awareness, and render the head in color with soft pastels.

The author seeks to take the reader on a slow roller coaster ride down memory lane, halting en route at the stations of childhood, youth and adulthood. He makes the reader visit the mind of an impressionable child who can be distraught over a trivial looking matter, a youth stuck in a demanding situation, a doctor's doubts and redemption, a distressed parent, a responsible citizen and so on, all in different stories. He shares his thoughts over various issues very subtly and invites the readers to search their minds for their own stance on the same. He reminisces about a gifted classmate, muses over life, shares his misadventure as a child and then some more. He has tried to put different colors from his palette on different canvasses in a collection which promises to keep you interested through delicate twists and the occasional surprise.

My chosen tears are better than your imposed smile, Why don't you let me alone to cover that extra mile? This could be your own story written in the third person. Yes, this is a story that many of us can relate to, whether we are students, parents or working professionals. The characters and scenes in the story and the overall plot could seem familiar to many of us. This is not a story that tells you that bad things happen to good people. This is a story of a group of engineering students, from radically different backgrounds, coming together and trying to fit the pieces in the puzzle called life. They try to turn around their lives and twist their fortunes to make everything fall into place. Caged and chained by societal norms, they end up following the most traversed path. Those fallen breadcrumbs were the façade of the correct path, and they went on a crazy roller coaster ride of laughter, sorrow, fun, suspense and entertainment. And secrets too! What secrets? Read on to find out! "Suddenly, they heard a beautiful song played on Guitar, "Why the world will take decisions on my behalf? When my heart knows exactly where I live, love and Laugh." "It was around 11:30 pm, and everyone in the house was sleeping when Akku was lamenting over his failed career." "Lukesh is missing from the college." "What if Tanmay spills our secret someday? What secret?"
