Oracle DBA Performance Tuning  
Scripts – DBA Tutorials

Oracle scripts are used to  
interface with the Oracle data  
dictionary to allow for fast  
answers to complex questions.

Oracle scripts are especially  
important for troubleshooting, and  
Oracle scripts are indispensable for  
Oracle tuning. When compared to  
OEM, Oracle scripts are far more  
flexible and robust than the pre-  
written OEM screens. See my  
additional resources on Oracle  
scripts: [Oracle Scripts Downloads](#).
