In THE CHURCH AWAKENING, Charles Swindoll discusses the challenges, struggles, and priorities of the church in the twenty-first century. He reveals the problems inherent in the entertainment-based postmodern church and shows how a return to biblical teaching will restore its strength and impact. Now being replaced by a feel-good message instead of what Christians need to know to stand strong in a world that's lost its way--Swindoll exposes the problems of--and solutions for--the postmodern evangelical church. Just as he opened readers' eyes with his bold statements in The Grace Awakening, now he offers a straightforward volume revealing how to reestablish a life-altering church with Christ as Lord and Master. Illuminating and empowering, THE CHURCH AWAKENING will ignite a revolution in the way Christians "do church" for years to come.

Avoid terrible advice, cognitive biases, and poor decisions. "Before you find yourself about to make another gut-based decision that will surely end badly you must take the time to read this book. It will save you from yourself!" --Leonard A. Schlesinger, PhD, Vice Chairman and COO Emeritus at Limited Brands, Baker Foundation professor at Harvard Business School, President Emeritus of Babson College, and bestselling author of Just Start: Want to avoid business disasters, whether minor mishaps, such as excessive team conflict, or major calamities like those that threaten bankruptcy or doom a promising career? Fortunately, behavioral economics studies show that such disasters stem from poor decisions due to our faulty mental patterns--what scholars call "cognitive biases"--and are preventable. Unfortunately, the typical advice for business leaders to "go with their guts" plays into these cognitive biases and leads to disastrous decisions that devastate the bottom line. By combining practical case studies with cutting-edge research, Never Go With Your Gut will help you make the best decisions and prevent these business disasters. The leading expert on avoiding business disasters, Dr. Gleb Tsipursky, draws on over 20 years of extensive consulting, coaching, and speaking experience to show how pioneering leaders and organizations--many of them his clients--avoid business disasters. Reading this book will enable you to: Discover how pioneering leaders and organizations address cognitive biases to avoid disastrous decisions. Adapt best practices on avoiding business disasters from these leaders and organizations to your own context. Develop processes that empower everyone in your organization to avoid business disasters.

"Thanks to Connor, Lev, and Risa, and their high-profile revolt at Happy Jack Harvest Camp, people can no longer turn a blind eye to unwinding. Ridding society of troublesome teens and, in the same stroke, providing much-needed tissues for transplant might be convenient, but its morality has finally been brought into question. However, unwinding has become big business, and there are powerful political and corporate interests that want to see it not only continue, but expand, allowing the unwinding of prisoners and the impoverished. Cam is a teen who does not exist. He is made entirely out of the parts of other unwinds. Cam, a 21st century Frankenstein, struggles with a search for identity and meaning, as well as the concept of his own soul, if indeed a reword being can have one. When a sadistic bounty hunter who takes "trophies" from the unwinds he captures starts to pursue Connor, Risa and Lev, Cam finds his fate inextricably bound with theirs"--
