With topics like "Stink," "The Cap," "Why Ice Hockey Kicks Football's Tutu," "Bullies" and "Respect," Boys Will Be is a celebration of boyhood written for boys-and all those who want to know more about them.

A collection of " artful, emotional " and " manly " short stories from the acclaimed author of The Wake of Forgiveness (Dallas News). From the critically acclaimed author of The Wake of Forgiveness— " a mesmerizing, mythic saga, " as described by the New York Times—come ten remarkable stories that uncover unexpected beauty in the struggles of the modern American male. Like Richard Russo, Bruce Machart has a profound knowledge of the male psyche and a gift for conveying the absurdity and brutality of daily life with humor and compassion. Whether they find themselves walking the fertile farmland of south Texas, steering trucks through the suffocating sprawl of Houston, or turning logs into paper in the mills just west of the Sabine River, the men of these stories seek to prove themselves in a world that doesn ' t always welcome them. Here are men whose furrows are never quite straight and whose hearts are near to bursting with all the desires they have been told they aren ' t supposed to heed. " Bruce Machart is one of our most ambitious and fearless young writers. With Men in the Making, he has composed a remarkable paeen to the complex fragility of the American male. I read these stories in a state of tender amazement. " —Steve Almond, author of Rock and Roll Will Save Your Life

Discover How to Get the Guy You Want and Avoid Dead-End Relationships If a man doesn't take you seriously he may feel compelled to have a good time with you. Unfortunately, this good time will last until you finally realize you're being taken for a ride or until Mr. Time-Waster moves on to the woman he REALLY wants. In cases like this, what a woman really requires are two things: a healthy amount of self-respect and a set of "player-proof" dating rules that will allow her to make wise dating decisions as she navigates the treacherous territory of finding Mr. Right. How to Keep a Man Interested Without Playing Games or Becoming His Doormat Many dating advice books for women tout the idea that a high level of confidence is key when dealing with men. However, while this is partially true, being confident, at least in regards to making a man pursue you, is pointless without understanding how to apply that confidence in various dating situations when dealing with men. A woman's confidence is communicated to a man by what she stands for and what she doesn't. Being able to confidently socialize with men, having confident body language, and illustrating confidence in your femininity will only go so far if you still allow men to have their way with your emotions, time, affections, body, and anything else for that matter. Self-confidence makes a woman more attractive, but unless it effects how she enforces her personal boundaries it won't do anything to keep a man interested in her for the long-term. How to Date a Man to Keep Him Calling and Falling For You Women with strong personal boundaries are principle-centered, not men-centered or romance-centered. To them, their personal values, such as giving and receiving unconditional love, are more important to them than needing to be with any one particular guy. When a woman has strong personal boundaries she doesn't make excuses because of a man's handsomeness, status, wealth, race, background, promises, sexual chemistry, etc. She sticks to her guns and refuses to settle for dating situations that might cause her distress or jeopardize her future happiness. This book was designed to show women how men appraise female behavior in order to determine a woman's level of self-respect and therefore, her value as a romantic partner. In it, you'll discover the timeless seduction secrets and dating rules for women that will help you avoid those dating mistakes that make could make a woman appear desperate, needy, commonplace, or even "unqualified" for a serious commitment to a great guy. Here's what you're going to learn inside: The most powerful form of male seduction that can KEEP a woman helplessly "addicted" to chasing a man. How to keep a man interested by doing the one thing MOST women are terrified of doing when they find a great guy. An irritating habit that causes high-quality men to stop pursuing a woman almost INSTANTLY. How to "rebuff" undesirable male behavior and get the guy you want to either take you seriously or take a HIKE! A simple "Ego-Popping" phrase that burns into a man's memory, keeps you STUCK on his mind, and makes him DESPERATE to see you again. How to seduce a man and MELT his heart by overwhelming him with the ONE THING only the RIGHT woman can give him. A dangerous and common dating mistake that FORCES a man to disappear or "log out" of a relationship...for GOOD. Foolproof dating rules for women (the "Nice Girls") who feel that men CONSTANTLY take advantage of their love and kindness. And much, much more... Would You Like to Know More? Outlaw Pete, a criminal since he was in diapers, tries to settle down and raise a family after his youth full of misdeeds, until his past sins catch up with him.

Alice just can't stop crying. To her, it seems as if it should be simple. If your parents split up, you live with the one who understands you best. Alice's father had always been the one to "get" her. But somehow she had ended up living with her mom, who drank too much, and her stepfather, who didn't like her and didn't care who knew it. So when a bout with bronchitis lands her in the hospital, she decided she just can't face going home again--ever. What if she simply stops eating--goes on a hunger strike? They would have to keep her there, wouldn't they? It seems like the simplest solution, even when the hallucinations start, even when they kind of take over. But suppose she goes into a coma--or dies? If that happens, she'll have her new friend Rex, the mysterious boy who says he's dying, but whose jaunty ways have brought Alice to life. Once again, Bruce Brooks tells an intriguing story that puts new twists on the oldest, biggest issues--love, death, and taking charge of your own life as you move toward adulthood.
