Although Sir Francis Walsingham is a known personality, the author presents Queen Elizabeth's I reign from the perspective of how her advisor(s) secured her personal safety and that of the realm. It was an ambitious task to cover so much when there were so many plots against her life and threats to the country.

The Queen's Agent: Francis Walsingham at the Court of ...

Francis Walsingham was born in about 1532, probably at Foots Cray, near Chislehurst in Kent, the only son of William Walsingham (died 1534), a successful and well-connected London lawyer who served as a member of the commission appointed to investigate the estates of Cardinal Thomas Wolsey in 1530. William's elder brother was Sir Edmund Walsingham, Lieutenant of the Tower of London.

Spain plotted an invasion, however Elizabeth's Secretary, Francis Walsingham, was ready to do no matter it took to guard her. He ran a community of brokers in England and Europe who supplied him with details about invasions or assassination plots.

The Queen's Agent (Book) | Washington County Cooperative ...

A "superb" portrait of the Tudor-age spymaster that "paints a John Le Carré-like world of double-dealing and intrigue" (The Sunday Telegraph). Elizabeth I came to the throne at a time of insecurity and unrest. Rivals threatened her reign; England was a Protestant island, isolated in a sea of Catholic countries. Spain plotted an invasion, but Elizabeth's Secretary, Sir Francis Walsingham, was prepared to do whatever it took to protect her. He ran a network of agents in England and Europe who provided him with information about invasions or assassination plots. He recruited likely young men and "turned" others. He encouraged Elizabeth to make war against the Catholic Irish rebels, with extreme brutality, and oversaw the execution of Mary Queen of Scots. The Queen's Agent is a story of secret agents, cryptic codes and ingenious plots, set in a turbulent period of England's history. It is also the story of a man devoted to his queen, sacrificing his every waking hour to save the threatened English state.

A captivating chronicle of the exploits of Sir Francis Walsingham—the first great English spymaster and the man who saved Elizabeth's regime and the country's independence. Elizabeth I came to the throne at a time of insecurity and unrest. Rivals threatened her reign; England was a Protestant island, isolated in a sea of Catholic countries. Spain plotted an invasion, but Elizabeth's Secretary, Sir Francis Walsingham, was prepared to do whatever it took to protect her. He ran a network of agents in England and Europe who provided him with information about invasions or assassination plots. He r...

A dramatic narrative of the career of Queen Elizabeth I's intelligence operative documents how he helped the monarch outmaneuver Catholic Spain and France by pioneering techniques that served to expose double agents, spread disinformation, and decipher codes. By the author of Battle of Wits. Reprint. 30,000 first printing.

A profile of the leading spymaster for Queen Elizabeth I explores his role in uncovering information that helped preserve England in the face of a network of powerful English Catholic families and the efforts of Catholic Spain to impose Catholicism on its

In this first novel of the exhilarating Agents of the Crown series, a man who will become the original MI6 agent protects England and Her Majesty Queen Elizabeth I from Spain's nefarious plan to crush the Age of the Enlightenment. After centuries locked in an endless cycle of poverty, persecution, and barbarity, Europe has finally emerged into the Age of Enlightenment. Scientists, philosophers, scholars, and poets alike believe this to be a new era of reason and hope for all. But the forces of darkness haven't completely dissipated, as Spain hunts and butchers any who dare to defy its ironclad Catholic orthodoxy. Only one nation can fight the black shadow that threatens this new age, and that is Britain, now ruled by a brilliant young Queen Elizabeth I. But although she may be brave and headstrong, Elizabeth knows she cannot win this war simply by force of arms. After her armies have been slashed in half, her treasury is on its knees. Elizabeth needs a new kind of weapon forged to fight a new kind of war, in which stealth and secrecy, not bloodshed, are the means. In this tense situation, Her Majesty's Secret Service is born with the charismatic John Dee at its head. A scholar, a soldier, and an alchemist, Dee is loyal only to the truth and to his Queen. And for her, the woman he's forbidden from loving, he is prepared to risk his life. A visceral and heart-pumping historical thriller, The Eyes of the Queen is perfect for fans of Ken Follett and Dan Brown.

In a Europe allance with wars of religion and dynastic conflicts, Elizabeth I came to the throne of a realm encircled by menace. To the great Catholic powers of France and Spain, England was a heretic pariah state, a canker to be cut away for the health of the greater body of Christendom. Elizabeth's government, defending God's true Church of England and its leader, the queen, could stop at nothing to defend itself. Headed by the brilliant, enigmatic, and widely feared Sir Francis Walsingham, the Elizabethan state deployed every dark art: spies, double agents, cryptography, and torture. Delving deeply into sixteenth-century archives, Stephen Alford offers a groundbreaking, chillingly vivid depiction of Elizabethan espionage, literally recovering it from the shadows. In his company we follow Her Majesty's agents through the streets of London and Rome, and into the dank cells of the Tower. We see the world as they saw it—ever unsure who could be trusted or when the fatal knock on their own door might come. The Watchers is a riveting exploration of loyalty, faith, betrayal, and deception with the highest possible stakes, in a world poised between the Middle Ages and modernity.

Ursula's visit to her Devon relatives leads to murder, mayhem and a possible plot to free Mary, Queen of Scots in the latest Ursula Blanchard Tudor mystery. February, 1586. When the queen's spymaster, Sir Francis Walsingham, learns that Ursula is to visit her relatives in Devon, he asks her to find out what has happened to two of his local agents, who have been strangely silent recently. On arrival in the small Devon village of Zeal Aquatico, Ursula discovers that both spies in question have met with mysterious - and fatal - accidents. Or is there more to it than that? What did the two spies find out that got them killed? Is there any truth to the rumours that King Philip of Spain, in league with the queen's cousin, Mary Stuart, intends to launch an invasion from the south coast? As Ursula pursues her investigations, it becomes clear that someone in Zeal Aquatico is determined to stop her finding out the truth ... whatever it takes.

Christopher Marlowe, a brilliant aspiring playwright, is pulled into the duplicitous world of international espionage on behalf of Queen Elizabeth I. A many-layered historical thriller combining state secrets, intrigue, and romance. England, 1585. In Kit Marlowe's last year at Cambridge, he receives an unexpected visitor: Queen Elizabeth's spymaster, who has come with an unorthodox career opportunity. Her Majesty's spies are in need of new recruits, and Kit's flexible moral compass has drawn their attention. Kit, a scholarship student without money or prospects, accepts the offer, and after his training the game is on. Kit is dispatched to the chilly manor where Mary, Queen of Scots is under house arrest, to act as a servant in her household and keep his ear to the ground for a Catholic plot to put Mary on the throne. While observing Mary, Kit learns more than he bargained for. The ripple effects of his service to the Crown are far-reaching and leave Kit a changed man. But there are benefits as well. The salary he earns through his spywork allows him to mount his first play, and over the following years, he becomes the toast of London's raucous theater scene. But when Kit finds himself reluctantly drawn back into the uncertain world of espionage, conspiracy, and high treason, he realizes everything he's worked so hard to attain—including the trust of the man he loves—could vanish before his very eyes. Pairing modern language with period detail, Allison Epstein brings Elizabeth's privy council, Marlowe's lovable theater troupe, and the squalor of sixteenth-century London to vivid, teeming life as Kit wends his way behind the scenes of some of Tudor history's most memorable moments. At the center of the action is Kit himself—an irrepressible, irreverent force of nature. Thrillingly written, full of poetry and danger, A Tip for the Hangman brings an unforgettable protagonist to new life, and makes a centuries-old story feel utterly contemporary.

England in the sixteenth century is a country in turmoil. King Henry VIII's Reformation has left England divided between Catholics and Protestants. Most of the those who cling to the Old Faith are content to conform to the laws of the land. But there are some Catholics who wonder where their allegiance lies - to England's heretic queen or to the Pope? Francis Walsingham has no such doubts. As French ambassador, he witnesses the savagery of the St Bartholomew's Eve massacre, when Catholics slaughtered Protestants in their thousands, and he is determined England will never suffer the same fate. He begins to create an elaborate network of spies who will keep him informed of Catholic plots against Elizabeth, especially those that have Mary Stuart, Queen of Scots at their heart. Walsingham's mission is clear: to protect Elizabeth I from her enemies by whatever means necessary!

COSTA AWARD FINALIST ECONOMIST BOOK OF THE YEAR FINANCIAL TIMES BOOK OF THE YEAR Film rights acquired by Gold Circle Films, the team behind My Big Fat Greek Wedding "A fresh, thrilling portrait... Guy's Elizabeth is deliciously human." –Stacy Schiff, The New York Times Book Review A groundbreaking reconsideration of our favorite Tudor queen, Elizabeth is an intimate and surprising biography that shows her at the height of her power. Elizabeth was crowned queen at twenty-five, but it was only when she reached fifty and all hopes of a royal marriage were behind her that she began to wield power in her own right. For twenty-five years she had struggled to assert her authority over advisers, who pressed her to marry and settle the succession; now, she was determined not only to reign but to rule. In this magisterial biography, John Guy introduces us to a woman who is refreshingly unfamiliar: at once powerful and vulnerable, willful and afraid. We see her confronting challenges at home and abroad: war against France and Spain, revolt in Ireland, an economic crisis that triggers riots in the streets of London, and a conspiracy to place her cousin Mary Queen of Scots on her throne. For a while she is smitten by a much younger man, but can she allow herself to act on that passion and still keep her throne? For the better part of a decade John Guy mined long-overlooked archives, scouring handwritten letters and court documents to sweep away myths and rumors. This prodigious historical detective work has enabled him to reveal, for the first time, the woman behind the polished veneer: determined, prone to fits of jealous rage, wracked by insecurity, often too anxious to sleep alone. At last we hear her in her own voice expressing her own distinctive and surprisingly resonant concerns. Guy writes like a dream, and this combination of groundbreaking research and propulsive narrative puts him in a class of his own. "Significant, forensic and myth-busting, John Guy inspires total confidence in a narrative which is at once pacy and rich in detail." -- Anna Whitelock, TLS "Most historians focus on the early decades, with Elizabeth's last years acting as a postscript to the beheading of Mary Queen of Scots and the defeat of the Spanish Armada. Guy argues that this period is crucial to understanding a more human side of the smart redhead." – The Economist, Book of the Year
